Romano Spa

For a holiday house, the goal of the project is to achieve a place where relaxation and meditation can be easy and natural. The project is articulated in different areas: the water area, the meditation area and the Yang area. The walls are painted with tea leaf essence in order to get a warm and natural colour; the floor in larch wood, dominated by the sun, gives off a vital energy. The use of natural materials for the spa, accompanied by a magical use of light, confers on the spaces sophisticated elegance.

罗马诺温泉水疗馆

该项目的目标是在假日别墅中，开辟出一处简单、自然的放松和治疗的区域。项目被精准地分割成不同的区域：北部的水区，建了一个内含的凹室。七个黑钵装有浴油，是刺激人体七种精神的必需品。该项目的特点是由不可分割的形状构成，没有拐角和锋利的凹陷。通过自然材质的选择和光线的奇妙组合，营造出繁复的优雅氛围。

苏格兰俱乐部商店

设计的目的是将这间商店装换为一处开放式的、充满活力的两层店面空间。设计营造了优雅而宁静的气氛，让视觉与空间流动起来，简单而充满活力，豪华又高质，却毫无虚饰。楼梯完全采用白色，两侧的扶手使用水晶材料制成。整个空间的装饰风格简约，并未使用过多的元素。试衣间在二楼，隐藏在墙壁后，亲切而隐蔽。

Scotch Club Shop

The intervention transforms the open-plan interior into a dynamic, contemporary shop space on two levels. The interior design is elegant while the serene atmosphere enables a visual and spatial flow through the store, without distraction: simple yet vigorous, luxury and quality without ostentation. The stair is in white corian with crystal handrail. The space has been transformed and furnished with the minimum number of elements. The dressing rooms, at the first floor, are hidden behind a curved lighted wall, which creates a very intimate atmosphere.
